During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 20th September, 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service

SHREE KARTHIK PAPERS LIMITED

providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants.** Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication

but also enhancing ease and convenience of participating in e-voting process.

(iv) In terms of SEBI circular no. **SEBI/HO/CFD/CMD/CIR/P/2020/242** dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. ACCOUNTING STANDARDS

The Ministry of Corporate Affairs (MCA) has notified the Indian Accounting Standards (Ind AS) applicable to certain classes of companies and Ind AS has replaced the existing Indian GAAP prescribed under section 133 of the Companies Act 2013 read with Rule 7 of the Companies (Accounts) Rules 2014 for such class of companies. The company has adopted Ind AS format with effect from April 1, 2016.

In accordance with the provisions of the Companies Act 2013 read with the Companies (Accounts) Rules 2014, applicable accounting standards prescribed by the Institute of Chartered Accountants of India and the provisions of SEBI (LODR) Regulations 2015, the audited financial results are provided in this Annual report.

DIVIDEND

Your Directors do not recommend to pay a Dividend for the year ended 31st March 2021.

PROSPECTS

The total lockdown announced by the Government in the first month of the year under review impacted the resumption of economic activities throughout the first half of the year. However the better performance of the Paper industry in the second half resulted in good demand in the market.

The scenario has continued until the sudden spurt of second wave of covid -19. The consequent restrictions and lockdowns are affecting the demand and price of the papers started nose-diving. However an early resumption of activities is expected and the performance in the second half

SHREE KARTHIK PAPERS LIMITED

of the year will be much better. The fast phase of vaccination is a strong indication towards this.

The domestic demand may also improve. Hence the performance will improve in the later part of the year.

OPERATIONS

During the year under review, the company has achieved a turnover of Rs. 1873.85 lakhs as against Rs. 4420.86 lakhs for the previous year. The short fall in turnover is due to Covid-19 and lockdown announced by the Government during the year. During the year under review the turnover has decreased by 57.61% over the previous year. .

The Net Loss for the year was Rs. 136.03 lakhs as against the Net Profit of Rs. 0.95lakhs during the previous year.

There was no change in the nature of business of the company during the financial year ended 31st March 2021.

FUTURE OUTLOOK

1. Newsprint is being imported at 5% duty and very low rates due to dumping by foreign manufacturers and this has depressed the demand and prices of newsprint manufactured by Indian Paper Mills, thereby also affecting the demand of writing and printing paper as newsprint capacities are being diverted to writing and printing paper manufacture.
2. The installed capacity for writing and printing paper has increased significantly in the last four years, thereby affecting the demand as well as prices of the paper manufactured by your company.
3. Measures are being taken to save costs and rationalize operations, they are likely to yield positive results.

TRANSFER TO RESERVES:

In view of heavy loss during the Financial Year 2020-21, the Board of Directors has decided not to transfer any amount to Reserves during the year under review.

SHARE CAPITAL

The paid up Equity Share Capital as on 31st March, 2021 was Rs. 9,55,50,000/-. During the year under review, the Company has not issued any further shares.

PUBLIC DEPOSITS

Your company has not accepted any deposits from the public within the meaning of Section 73 of the Companies Act 2013 and the Companies (Acceptance of Deposits) Rules 2014 and hence there are no unpaid/unclaimed deposits nor there is any default in repayment thereof.

NUMBER OF MEETINGS OF THE BOARD

The Board of Directors met 4 (Four) times during the financial year 2020-21. Details of number of meetings of Board of Directors and committees thereof and the attendance of the Directors in such meetings are provided under the Corporate Governance Report.

COMMITTEES OF THE BOARD OF DIRECTORS

During the year under review, all recommendations made by the Audit Committee were accepted by the Board. There were no instances where the Board has not accepted any recommendations of the Audit Committee.

Details of Committees of Board of Directors along with their terms of reference, composition and meetings held during the year, are provided separately in the Corporate Governance Report, which forms part of the Annual Report.

Management's Discussion and Analysis

1. Industry structure and Developments

Paper industry is one among the high priority industries. It concentrates on accelerating growth for Paper Industry. The continuous demand for increase in paper will require a considerable increase in supply from indigenous producers. Out of total paper mills in India, two thirds of the Mills use waste paper, agricultural wastes like saw dust, as their primary fibre source. The non availability of natural resources will automatically increase the demand of product from industries using Recycled/waste paper as their raw material.

2. Opportunities and Threads

The growth rate of recycled paper industry is assumed to increase by 10% per year. There are good growth opportunities and increase in demand. The major raw materials procurement from Mills using waste paper industry is from unrecognized sector. This accounts is for around 95% of total raw materials procurement. This affects continuous supply of raw material to the industry.

3. Outlook

The total lockdown announced by the Government in the first month of the year under review impacted the resumption of economic activities throughout the first half of the year. However the better performance of the Paper industry in the second half resulted in good demand in the market.

The scenario has continued until the sudden spurt of second wave of covid -19. The consequent restrictions and lockdowns are affecting the demand and price of the papers started nose-diving. However an early resumption of activities is expected and the performance in the second half of the year will be much better. The fast phase of vaccination is a strong indication towards this. The domestic demand may also improve. Hence the performance will improve in the later part of the year.

The cost of some intermediate inputs has risen and uncertainty about future trade relationships has ratcheted up. Manufacturing firms have become more cautious about long term spending and have held back on equipment and machinery purchases. This trend is most evident in the trade and global value chain

The trend in consumption of papers and notebooks and eco friendly papers are increasing continuously. It will result in good demand for the industrial product.

4. Risk Management

The Company formulated a risk management frame work to identify, evaluate the business risks and opportunities. The main object of the framework is to minimise the adverse impact of the risks by taking effective mitigating measures to retain the business advantages. The identified risks and mitigation measures are reviewed by the concerned Heads and all the risks identified and mitigation measures are periodically placed before the Board. The Board is of the opinion that there is no risk which affects the existence of the Company.

5. Internal control Systems and Adequacy

The Company has an adequate internal control system commensurate with its size and nature of its business. Management has overall responsibility for the Company's internal control system to safeguard the assets and to ensure reliability of financial records.

SHREE KARTHIK PAPERS LIMITED

Internal audit programme covers all areas of activities and periodical reports are submitted to the Management. Audit Committee reviews all financial statements and ensures adequacy of internal control systems.

Internal control systems are designed to provide adequate financial control and accounting control and to implement accounting standards.

6. Material Development in Human Resources/ Industrial Relations Front including number of employees employed

Cordial relations have been maintained in the company. The company had 43 no. of employees as on March 2021.

7. Caution

Statements in the management discussion and analysis describing the Company's objectives, projections, estimates and expectations may be considered as "forward looking statements" within the meaning of applicable securities laws and regulations. These statements are based on certain assumptions and expectations of future events. Actual results could differ materially from those expressed or implied. The factors that might influence the operations of the Company are demand-supply conditions, finished goods prices, raw material costs & availability, change in the government regulations, WTO and natural calamities over which the Company has no control

The Company assumes no responsibility in respect of the forward-looking statements herein which may undergo changes in future on the basis of subsequent developments, information or events.

SHREE KARTHIK PAPERS LIMITED

INDEPENDENT AUDITOR'S REPORT

To

The Members of Shree Karthik Papers Limited

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Shree Karthik Papers Limited ("the Company"), which comprise the standalone Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), standalone Statement of Changes in Equity and the standalone Statement of Cash Flows for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as financial statements).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no Key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

SHREE KARTHIK PAPERS LIMITED

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

SHREE KARTHIK PAPERS LIMITED

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

SHREE KARTHIK PAPERS LIMITED

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial statements.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
1. the Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 2. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 3. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the order.

We have audited the internal financial controls over financial reporting of Shree Karthik Papers Limited (“the Company”) as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and

SHREE KARTHIK PAPERS LIMITED

dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal financial control over financial reporting established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SHREE KARTHIK PAPERS LIMITED

1 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies mentioned herein are relating to the standalone financial statements of the Company.

a) Brief description of the Company

Shree Karthik Papers Limited having CIN: L21012TZ1991PLC003570 is a public company domiciled in India and is incorporated under the provisions of the Companies Act, 1956. Its shares are listed in a recognised stock exchange in India. The registered office of the Company is located at No-25, 50 Ft Road, Krishnasamy Nagar, Ramanathapuram, Coimbatore, Tamil Nadu, 641045. The Company is primarily engaged in the business of manufacturing of Papers. Its manufacturing facility is situated at SF.NO.387,388,390 and 391 Puliangudi, Kottur Village, Aliyar, Pollachi, Tamil Nadu.

b) Basis of preparation

The financial statements comply in all material aspects with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements have been prepared on the historical cost convention under accrual basis of accounting except for certain financial assets and liabilities (as per the accounting policy below), which have been measured at fair value and the statements are prepared on Going Concern basis.

c) Use of estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future period.

This note provides an overview of the areas that involve a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements where applicable.

d) Significant Estimates and judgements

Significant accounting Judgments, estimates and assumptions:

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make judgments, estimates and assumptions that affect the reported balances of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

SHREE KARTHIK PAPERS LIMITED

The following are the areas of estimation uncertainty and critical judgments that the management has made in the process of applying the Company's accounting policies:

1) Recognition of deferred tax assets:

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized.

2) Provision and contingent liability:

On an ongoing basis, the Company reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies, the likelihood of which is remote, are not disclosed in the financial statements.

3) Useful lives of depreciable assets:

Management reviews the useful lives of depreciable assets at each reporting. As at March 31, 2019 management assessed that the useful lives represent the expected utility of the assets to the Company. Further, there is no significant change in the useful lives as compared to previous year.

4) Evaluation of indicators for impairment of assets:

The evaluation of applicable indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

5) Defined benefit obligation:

Management's estimate of the Defined Benefit obligation is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may impact the obligation amount and the annual defined benefit expenses.

6) Fair value measurements:

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

e) Revenue recognition

1. Sale of goods:

The Company recognises sale of goods when the significant risks and rewards of ownership are transferred to the buyer.

2. Interest Income:

Interest income, including income arising from other financial instruments, is recognised using the effective interest rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in

SHREE KARTHIK PAPERS LIMITED

Other income in the statement of profit and loss. The expected cash flows are reassessed on a yearly basis and changes, if any, are accounted prospectively.

f) Property, Plant and Equipment

Freehold Land is carried at historical cost. All other items of Property, Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation / amortization and impairment, if any. Cost includes purchase price, taxes and duties, labour cost and directly attributable overheads incurred up to the date the asset is ready for its intended use. However, cost excludes Goods and Services Tax to the extent credit of the tax is availed of.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is derecognised when replaced. All other repairs and maintenance are charged to Profit or Loss during the reporting period in which they are incurred.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit and loss when the asset is disposed off or derecognised.

g) Depreciation and amortization

Depreciation on Property, Plant and Equipment (PPE) are provided under straight line method as per the useful lives and manner prescribed under Schedule II to the Companies Act, 2013, except for few categories where the company has received technical opinion for adopting higher /lower useful life.

Where the cost of a part of the PPE is significant to the total cost of the PPE and if that part of the PPE has a different useful life than the main PPE, the useful life of that part is determined separately for depreciation.

The Company has used the following useful lives to provide depreciation on its Property, Plant and Equipment:

Class of Assets	Useful Lives
Furniture and fixtures	10 years
Office equipment's	5 years
Computers	3 years
Plant and machineries	25 years
River pipeline	30 years
Electrical Fittings	10 years

Improvements to Leasehold Buildings are amortized as depreciation over the lease period, which is considered as the estimated useful life by the management.

The depreciation method applied to an asset is reviewed at each financial year-end and if there has been a significant change in the expected pattern of consumption of future economic benefits embodied in the asset, depreciation is charged prospectively to reflect the changed pattern.

Depreciation in respect of tangible assets costing less than Rs. 5,000/- is provided at 100%.

h) Impairment

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for, the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

i) Foreign currency translation

Functional and presentation currency

The financial statements are presented in Indian Rupee which is also the functional and presentation currency of the Company. All amounts have been rounded-off to the nearest rupee.

No foreign currency transactions were occurred during the year.

j) Inventories

All inventories are valued at moving weighted average price. Finished goods and Work in progress is computed based on respective moving weighted average price of procured materials and appropriate share of labour and other manufacturing overheads.

Inventories are valued at cost or net realizable value, whichever is lower. Cost also includes all charges incurred for bringing the inventories to their present location and condition. Excise and customs duty accrued on production or import of goods, as applicable, is included in the valuation of finished goods.

Inventories of stores and spare parts are valued at cost.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and to make the sale.

k) Employee benefits

1. Short Term and other long term employee benefits:

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

Compensated leave absences are encashed by employees at year end and no carry forward of leave is permitted as per the leave policy.

2. Post-Employment Benefits

a. Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly

SHREE KARTHIK PAPERS LIMITED

contributions towards Provident Fund and Superannuation Fund. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

b. **Defined Benefit Plans**

For defined benefit retirement plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognized in OCI in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment.

l) Taxes on income

Tax expense comprises of current and deferred tax.

1. Current income tax:

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized directly in equity is recognized in other comprehensive income / equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

2. Deferred tax

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

3. Minimum Alternate Tax:

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. The carrying amount of MAT is reviewed at each reporting date and asset will be written down to the extent the company's right of adjustment would lapse.

Accordingly, MAT is recognized as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

m) Provisions and contingent liabilities

1) Provision:

A provision is recorded when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability where time value of money is essential.

The increase in the provision due to the passage of time is recognised as interest expenses.

2) Contingent liabilities:

Wherever there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognised because (a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or (b) the amount of the obligation cannot be measured with sufficient reliability are considered as contingent liabilities. The company does not recognise contingent liability but discloses its existence in the financial statements.

Contingent assets are not recognised but are disclosed when the inflow of economic benefits are probable.

o) Cash and Cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

p) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

q) Investments and Other financial assets

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1. Financial assets

Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortized cost
- Debt instruments at fair value through other comprehensive income (FVTOCI);
- Debt instruments and equity instruments at fair value through profit or loss (FVTPL);
- Equity instruments measured at fair value through other comprehensive income (FVTOCI).

Debt instruments at amortized cost:

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVTOCI:

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI).

Debt instrument at FVTPL:

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

SHREE KARTHIK PAPERS LIMITED

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

De-recognition of Financial Assets:

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily de-recognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

2. Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and transaction cost (if any) that is attributable to the acquisition of the financial liabilities is also adjusted.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

a. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are de-recognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

b. Trade and other payables

These amounts represent liabilities for goods or services provided to the Company which are unpaid at the end of the reporting period. Trade and other payables are presented as current liabilities when the payment is due within a period of 12 months from the end of the reporting period. For all trade and other payables classified as current, the carrying amounts approximate fair value due to the short maturity of these instruments. Other

SHREE KARTHIK PAPERS LIMITED

payables falling due after 12 months from the end of the reporting period are presented as non-current liabilities and are measured at amortized cost unless designated as fair value through profit and loss at the inception.

c. **Other financial liabilities at fair value through profit or loss:**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading are recognized in the profit or loss.

De-recognition of Financial Liabilities:

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or Modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

3. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

4. Compound Financial Instruments:

A financial instrument that comprises of both the liability and equity components are accounted as compound financial instruments. The fair value of the liability component is separated from the compound instrument and is subsequently measured at amortized cost. The residual value is recognized as equity component of other financial instrument and is not re-measured after initial recognition.

The transaction costs related to compound instruments are allocated to the liability and equity components in the proportion to the allocation of gross proceeds. Transaction costs related to equity component is recognized directly in equity and the cost related to liability component is included in the carrying amount of the liability component and amortized using effective interest method.

r) Borrowing costs

Borrowing costs directly attributable to acquisition/ construction of qualifying assets are capitalized until the time all substantial activities necessary to prepare the qualifying assets for their intended use are complete. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use/ sale. All other borrowing costs are charged to statement of profit and loss.

s) Current and Non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

The entity presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is classified as current, when:

- It is expected to be realised or intended to be sold or consumed in normal operating cycle.
- It is held primarily for the purpose of trading.
- It is expected to be realised within twelve months after the reporting period, or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current, when:

- It is expected to be settled in normal operating cycle.
- It is held primarily for the purpose of trading.
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The entity classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

A. Defined contribution plans:

Particulars	As at 31st March 2021	As at 31st March 2020
Employer's Contribution to PF	4,37,293	7,78,345
Total	4,37,293	7,78,345

B. Defined benefit plans:

Gratuity liability is provided in accordance with the provisions of the Payment of Gratuity Act, 1972 based on actuarial valuation. The plan provides a lump sum gratuity payment to eligible employee at retirement or termination of their employment. The amounts are based on the respective employee's last drawn salary and the years of employment with the Company. The most recent actuarial valuation of the defined benefit obligation was carried out at the balance sheet date. The present value of the defined benefit obligations and the related current service cost and past service cost were measured using the Projected Unit Credit Method.

These plans typically expose the Company to actuarial risks such as: interest rate risk, salary risk and longevity risk.

Interest risk: A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Salary risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Longevity risk: The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

ii. Fair Value Hierarchy

Assets and Liabilities that are disclosed at Amortised Cost for which Fair values are disclosed are classified as Level 3. If one or more of the significant inputs is not based on observable market data, the respective assets and liabilities are considered under Level 3.

ii. Fair Value Hierarchy

The Company has classified its financial instruments into three levels in order to provide an indication about the reliability of the inputs used in determining fair values.

- (i) Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- (ii) Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- (iii) Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

The carrying amounts of trade receivables, cash and cash equivalents, other financial assets, current borrowings, trade payables and other current financial liabilities are a reasonable approximation of their fair values. Accordingly, the fair values of such financial assets and financial liabilities have not been disclosed separately.

iii. Valuation technique used to determine fair value

The fair value of the financial assets and liabilities are at the amount that would be received to sell an asset and paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The carrying amounts of trade receivables, cash and cash equivalents, other financial assets, current borrowings, trade payables and other current financial liabilities are a reasonable approximation of their fair values.

The estimated fair value amounts as at March 31, 2021 have been measured as at that date. As such, the fair values of these financial instruments subsequent to reporting date may be different than the amounts reported at each year-end.

There were no transfers between Level 1, Level 2 and Level 3 during the year.

SHREE KARTHIK PAPERS LIMITED

Based on business environment in which the Company operates, a default on a financial asset is considered when the counterparty fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions. Assets are written off when there is no reasonable expectation of recovery. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognized in statement of profit and loss.

b. Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the business, the Company maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors rolling forecasts of the company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the company's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates etc. could affect the Company's income or the value of its holdings of financial instruments including cash flow. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximising the return.

Interest rate Risks

The Company uses a mix of cash and borrowings to manage the liquidity & fund requirements of its day-to-day operations. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The borrowings are fixed rate borrowings and are carried at amortized cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, 'Financial Instruments - Disclosures', since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Interest rate risk exposure

The Company does not have any variable rate borrowing which is subject to interest rate risk.
